## World championship in ship modelling „Rijeka 2021“

To all the ship modelers and ship modelling associations,

As the president of the Croatian ship modellers association, we are privileged and honoured to host this year's **World championship in ship modelling section C in Rijeka from 11<sup>th</sup> till 19<sup>th</sup> of September.**

On behalf of the Croatian ship modelers association, we are calling all the ship modelers and their associations to come to this years World championship. Hoping that the countries involved in ship modelling will come in big numbers, we as the host will do our best, so this championship can go according to plan and to make you feel safe during your staying in Rijeka.

For all the information about how to register and where can you fill the application form and see in which hotel you can stay, you will find it on the official page of the Croatian ship modellers association.

- If you are a ship modeler or a ship modelling association and want to compete and register your ship/ships you will need to fill the application form on the following [link](http://www.hsb.hr/en/world-championship-model-ships-2021): <http://www.hsb.hr/en/world-championship-model-ships-2021>
- How the program of the following ship modelling championship will look like, you will find out on the website [link](http://www.hsb.hr/en/programme): <http://www.hsb.hr/en/programme>
- For all those that are looking for accommodation during the championship, you can find it on the [link](http://www.hsb.hr/en/accomodation): <http://www.hsb.hr/en/accomodation>

Correctly fulfilled forms will be receiving until the **15<sup>th</sup> of July.**

All other questions, uncertainties, and other information you can ask on e-mail: [info@hsb.hr](mailto:info@hsb.hr)

After the successful filling of your application form, every applicant will receive a letter of confirmation and a **survey**. In the survey each competitor would have to declare if they had **Covid 19** or if they got **vaccinated**. This is a necessary move so that we can ensure every one's safety.
